500,000 Legal Professionals and Researchers globally use Westlaw

THOMSON REUTERS®

Empowering
topical research

Medical/Health Research

Westlaw provides a comprehensive repository of healthcare laws and regulations, allowing medical researchers to stay abreast of evolving legal landscapes.

This is crucial for ensuring that research, clinical trials, and medical practices align with ethical and legal standards. In the medical field, understanding legal implications is vital.

Medical researchers involved in technological and pharmaceutical innovations can leverage Westlaw for the following key benefits:

- Comprehensive healthcare laws and regulations

- Ensuring ethical and legal alignment

- Understanding legal implications

- Intellectual property support

Key Databases:

✓ Healthcare Compliance and Reimbursement

✓ Healthcare Regulations

✓ Medical Malpractice and Liability

✓ Pharmaceutical and Drug Law

✓ Health Law Journals and Publications

COST REPORTS-PRRB DECISIONS: HOSPITAL TIMELY CLAIMED COSTS FOR ULTRASOUND AND NUCLEAR MEDICINE CLINICAL...

Wolters Kluwer Health Law Daily

An acute care hospital successfully argued that it had timely claimed $316,562 in its fiscal year 1989 cost report for expenses for Ultrasound and Nuclear Medicine clinical training it received from non-provider operated programs. The Provider Reimbursement Review Board (PRRB) concluded that an acute care hospital (hospital) timely claimed the...

Agricultural Research

Legal resources, including:

- Statutes, regulations, and case law related to agriculture.

- Researchers can stay informed about changing agricultural laws, compliance requirements, and regulatory frameworks to ensure that their work aligns with legal standards.

- Benefits of Westlaw for Agricultural Research:

    - Access to a vast legal database

    - Stay informed on changing agricultural laws

    - Resource for land use, zoning, and property rights

    - Support for agricultural businesses

    - Resolution of disputes

    - Access to legal precedents

    - Case law for informed decision-making when conflicts arise.

Key Databases:

- Agricultural Law Materials

- Environmental Law

- Agricultural Case Law

THOMSON REUTERS®

Defense Research

Westlaw's extensive collection includes:

- military law resources enabling researchers in defense to explore legal aspects of armed conflict, rules of engagement, and international agreements governing military actions.

- This aids in understanding the legal framework within which defense research and operations occur.

- Benefits of Westlaw for Defense Research:
  - Military law resources
  - Procurement law insights
  - Legal considerations in national security and classified information

Key Databases:

- Military and Defense Regulations
- Government and Military Case Law
- Defense Policy and Legislation

THOMSON REUTERS®

Scientific Research

Westlaw facilitates science researchers in navigating the legal aspects of intellectual property, covering patents, copyrights, and trade secrets.

Researchers can explore relevant case law and statutes to safeguard their scientific innovations and discoveries.

Westlaw aids researchers in understanding regulations related to human subjects, animal testing, and other ethical considerations in scientific studies.

Benefits of Westlaw for Scientific Research:

- Intellectual property assistance

- Coverage of patents, copyrights, and trade secrets

- Research ethics and compliance

- Regulatory Guidance

- Contract law support

Key Databases:

- Environmental Law

- Good and Drug Law

- Intellectual Property

- Research Funding and Grants

THOMSON REUTERS®

WESTLAW

Industrial Research

Industrial Research Westlaw offers essential support for industrial researchers, with coverage of product liability laws, safety regulations, and legal considerations for manufacturing.

It provides resources on environmental law to address industrial environmental converns and ensure compliance with emissions, waste disposal, and impact assessments.

Benefits of Westlaw for Industrial Research

- Product liability and safety

- Environmental law resources

- Employment and labor law support

Key Databases:

- Industry Regulations

- Environmental compliance

- Contracts and commercial Law

- Energy and Utilities Regulations

THOMSON REUTERS®

Technology Research

Technology Research Westlaw is a valuable resource for technology offering support in the areas of intellectual property, data privacy, cybersecurity, and contract law.

Researchers can protect their technological innovations through access to legal precedents and statues, ensuring compliance with intellectual property law.

Additionally, Westlaw helps researchers stay informed about data privacy regulations and aids in drafting clear and enforcerable agreements for technology transfer, collaborations, and licensing to safeguard intellectual property rights

Key Databases:

- Cybersecurity and Data Privacy

- E commerce and Online Business

- Antitrust and Competition Law

Benefits of Westlaw for Technology Research

- Intellectual property protection

- Data privacy and cybersecurity

- Contract law support
